December 15, 2025 -

The Monroeville Municipal Authority (MMA) Board of Directors approved increased water distribution and wastewater collection rates at their regularly scheduled public meeting. The Board was faced with the challenge of covering annual operating expenses in a high inflation environment while continuing investments in infrastructure to keep the systems safe and dependable under increasingly stringent environmental regulations.

Effective January 15, 2026, the ALCOSAN wastewater treatment charge will increase by 7% or \$0.84 cents for each 1,000 gallons used and the ALCOSAN quarterly flat rate monthly customer service charge will also increase by 7% or \$0.59 cents. The MMA residential wastewater collection charge will increase by only 1% or \$0.05 for each 1,000 gallons used. **The average MMA/ALCOSAN residential customer, who uses 3,000 gallons per month will pay \$3.26 more per month for wastewater collection and treatment.** MMA Commercial wastewater collection rates will also increase by 1% or \$0.08 to \$0.09 cents per 1,000 gallons used. Refer to the following Exhibit "A" for a detailed description of the 2026 wastewater / sewer rates.

Effective January 15, 2026, the MMA water distribution charge will increase by 1.6% or only \$0.10 cents per 1,000 gallons used. **The average MMA customer, who uses 3,000 gallons per month will pay \$0.30 cents more per month for drinking water distribution.**

If you have any questions or concerns about the 2026 rate increases, please contact the MMA administrative office at 412-372-2677.
